Still, to break out of club level we need to bring what we know to the next level and Capablanca recommended endgame study.. Still, all those positions would be great to burn into my memory if nothing else, but those memorized positions only make sense within the context of understanding. [Messages Icons For Mac](#)

I'm looking for something to improve my endgame after finishing Fine's Basic Chess Endgames (just started the knight and pawn section yesterday so I still have a long way to go), and ECE seems like a logical choice since it's over 400 pages of a specific endgame in one book (so 400 pages of queen endgames, 400 of minor piece endgames, etc.. The solutions lack verbal explanations. The solutions in Encyclopedia of Chess Endings are human solutions that often would fail on Chess Tempo, but they are grounded in understanding. 34bbb28f04 [Cleveland Launcher Golf Driver For Mac](#)
