About This Game

You've landed yourself in prison again, and your only chance is to engineer an escape by any means necessary. How you do it is up to you! Why not cause a prison riot? Or dig a tunnel right under the walls of the prison? Or even steal a guard uniform to blend in with your captors?

The Escapists is a unique prison sandbox experience with lots of items to craft and combine in your daring quest for freedom. Life in prison will keep you on your toes with the strict rules that you'll have to break. The guards are out to stop any escape attempts, so you'll have to avoid suspicious behaviour by attending roll calls, working a prison job and hiding your stolen craftables.

Escaping is what you do best, and you'll have to prove your skills in a variety of challenging prisons from across the world.

It's time time I see a game about my uncle. 7/10. This is an amazing game. I highly recommend this game to players who enjoy a good puzzle game that involves many different strategies. This game (in the long run), is a game that requires a lot of effort, work, and smarts. Its also mostly about doing one thing, but figuring out how to do another thing at the same time without being caught. This may sound complicating, but overall this is an amazing game.
